

Internship Opportunity with AROHAN Partners

Arohan - Partners for Advancing Health Systems is a **health systems consulting firm** with the **mission** of strengthening primary health care in India and Southeast Asia by **co-creating inclusive, locally rooted solutions** that enable resilient and equitable systems change

Location: Preferably New Delhi or Lucknow (Work-from-home with periodic in-person meetings based on location)

AROHAN Partners is inviting applications for an internship position to support ongoing projects in the domain of health systems strengthening and public health implementation.

Areas of Work:

The intern will contribute to one or more of the following areas based on their experience and interest:

- a) Review of a Care Coordination Intervention
- b) Comprehensive Primary Health Care (CPHC) Assessment
- c) WASH Implementation Project

Qualifications:

- Bachelor's degree in Allied Health Sciences (Medical, Dental, Ayurveda, Pharmacy, or Nursing)
- Masters in Public Health
- Preferably with prior experience in public health at the primary or secondary care level
- Sound understanding of the public healthcare system in India and the Indian Public Health Standards (IPHS)

Stipend: A stipend will be provided based on the intern's location and level of engagement in the project. Final terms will be discussed after the interview.
